DETAILED ACTION

Response to Amendment

1. The amendment filed on 11/8/07 has been received and entered in the case.

Claim Rejections - 35 USC § 112

2. Claim 19 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

On the last two lines of this claim, the recitation of "third and fourth flip-flops" is confusing because it cannot be determined if this should actually be "first and second flip-flops" (because no first and second flip-flops have been previously set forth to give proper antecedent basis to third and fourth flip-flops) or if applicant actually meant to recite third and fourth flip-flops, but inadvertently omitted the recitation of first and second flip-flops.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 19 is rejected under 35 U.S.C. 102(b) as being anticipated by Chou et al.

Note Fig. 5, where the recited phase error detector is circuit 400, the phase error judgment unit is the combination of elements 411 and 412 (which read on the recited third and fourth flip-flops), and the reset unit is the combination of elements 414 and 415. The first and second input signals are the respective clock signals applied to elements 411 and 412, and the recited first reset signal is either of the reset input signals applied to the RB terminal of flip-flops 401 and 402.

Allowable Subject Matter

4. Claims 1-15, 17 and 18 are allowed.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
